

February 23, 2026

Dear Customer,

I am writing to provide you with details on Aqua Pennsylvania's upcoming construction work that is scheduled in your neighborhood or place of business. The week of March 9, 2026, Aqua Pennsylvania will begin the installation of 7,100 feet of new water main on the following streets in Uwchlan Township, Chester County:

- **Crump Road from N Whitford Rd to Glendale Rd**
- **Baker Drive and Baker Circle**
- **Glendale Road from Crump Road to Concord Avenue**
- **Allen Drive from N Whitford Road to the end of the cul-de-sac past Glendale Road**

The \$2,500,000 project is part of our continuing infrastructure improvement program that replaced more than 50 miles of aging main in Southeastern Pennsylvania in 2025 to improve service reliability for customers. The new water main will improve water flow in the area.

Construction will generally take place on weekdays between 7:30 a.m. and 3:30 p.m. Access will be provided for school buses, emergencies, mail and trash services. Residents will have access to their properties, but at times will need to enter from different directions, when possible, due to changing work zones. Following installation, the new main will be flushed, chlorinated and tested for water quality before being placed into service. During the chlorination/testing phase, activity on the job site may be limited. It is important to note the trench will be covered with **temporary** blacktop at the end of each workday. Permanent restoration will take place in the summer of 2026.

Aqua will have an inspector on the job each day to answer your questions.

Please refer to the accompanying door hanger for more information on what to expect as we begin our construction project in your neighborhood.

In addition to reaching our customer service staff and emergency dispatcher at the number listed on the door-hanger accompanying this letter, you may also call us with any questions regarding the project, 610.430.0747 ext. 55077.

Sincerely,

A handwritten signature in black ink, appearing to read "Alan Roth".

Alan Roth
Manager, Construction
